Why Using the Same Energy Can Still Cost More

Your bill isn't just about how much electricity you use. It also includes the cost of maintaining the system that brings electricity to your home. Those delivery costs are increasing, which means an average month can cost more than it used to. As these costs continue to rise, understanding your usage becomes more important than ever.

What You Can Do

- Space out heavy-use appliances when possible
- Use tools like the **Bill Comparison** in **My Account** to monitor and track your costs

Bill Comparison Example

Select a Billing Period to Compare

Since Start of Your Plan

Select a Billing Cycle to Compare

Nov 2025 – Dec 2025

SINCE THE BEGINNING OF YOUR PLAN

$3,599.88	$3,408.08
UNDER YOUR PREVIOUS RATE	UNDER YOUR NEW PLAN

MONTHLY CHARGE

$202.89	$197.29
UNDER YOUR PREVIOUS RATE	UNDER YOUR NEW PLAN

My Account
